

James Tannahill

New York, NY 10036 | 212-308-6406 | resume@jamestannahill.com | linkedin.com/in/jamestannahill | github.com/jtannahill

PROFESSIONAL SUMMARY

Investor, operator, and builder with 10+ years across PE-backed, public, and growth-stage companies; currently at xAI building AI-native financial intelligence. Investment experience spans a third-generation family office, strategic finance at a NASDAQ biotech, alternative data research, and sell-side biotech coverage. Rare combination of fundamental modeling depth (LBO, DCF, M&A, accretion/dilution) and hands-on engineering: designs and ships production Python/AWS ML and LLM systems end to end.

CORE COMPETENCIES

Fundamental & Event-Driven Research | Healthcare & Life Sciences | Alternative Data | Financial Modeling (LBO, DCF, M&A) | Due Diligence & Valuation | AI/ML Infrastructure & Applied LLMs | Python, SQL, AWS, NVIDIA CUDA | P&L Ownership | Capital Raises

PROFESSIONAL EXPERIENCE

xAI - Corporate Finance New York, NY | 2025 - Present
AI-native financial intelligence at the frontier of machine learning and capital markets.

- Evaluate AI systems for real-time financial intelligence: entity resolution, signal extraction, and probabilistic modeling applied to deal sourcing, due diligence, portfolio monitoring.

Plocamium Holdings (Family Investment Office) - Principal, then President New York, NY | 2015 - 2025
Third-generation family investment office across healthcare, industrials, and manufacturing; role scaled from principal to president. Parent entity of 1Ness Strategies and RDLB.

- Family office deployed \$400M+ across 30+ investments in healthcare services, life sciences, industrial technology, and manufacturing; personally led recent investments through the full lifecycle from sourcing to exit.
- Led \$22M growth equity in surgical implant manufacturer (35% revenue growth); \$25M in healthcare analytics platform; \$3M co-investment in digital diagnostics.
- Drove double-digit EBITDA margin expansion and strong IRR/MOIC through pricing discipline, cost restructuring, and revenue mix optimization.
- Developed thesis at the convergence of digital health, advanced analytics, and precision manufacturing.

1Ness Strategies (Plocamium operating company) - Co-Founder & CEO New York, NY | 2023 - 2025
Founded within the family office: healthcare marketing, technology, and SaaS platform.

- Built healthcare services company from zero to 80+ clients and \$1.5M+ monthly managed revenue; profitable within 18 months on disciplined unit economics.
- Delivered 45% CAC reduction, 5x average ROAS, 80% qualified-lead lift; launched HLTHvrs.com SaaS for real-time PE portfolio benchmarking. Team of 12+.

RDLB (Plocamium affiliate) - Board Partner New York, NY | 2024 - 2026
Capital markets advisory for PE-backed and growth-stage companies.

- Advise on \$150M+ in capital raises; investor communications frameworks reduced diligence cycles 25-30%. Governance restructuring contributed to 15-20% EV uplift.

Vaxart, Inc. (NASDAQ: VXRT) - AVP, Strategic Finance New York, NY | 2021 - 2023
Clinical-stage biotechnology company; oral vaccine development.

- Led \$100M+ in strategic transactions: \$50M manufacturing facility acquisition and \$50M+ in BARDA/DoD non-dilutive grants; built NPV/DCF models tied to clinical milestones.
- Directed budgeting across R&D, manufacturing, and commercial; partnered with CEO and Board on strategic planning; extended cash runway 18+ months.

EARLIER CAREER

M Science (Jefferies Group) - Senior Associate | 2019-2020

- Delivered alternative-data healthcare research to institutional investors (hedge funds, \$5B+ AUM); combined fundamental modeling with proprietary transaction and consumer datasets to surface trading signals.

Accrete.AI - Associate | 2018-2019

- Led go-to-market strategy and database design for AI-driven healthcare analytics at dual-use (defense/healthcare) firm; secured partnerships with major health systems. Presented to PIMCO and JPMorgan on roadshows.

H.C. Wainwright & Co. - Equity Research Analyst, Biotechnology | 2016-2018

- Initiated coverage on 50+ biotech names; authored institutional research and built DCF and comparable-company valuation models. FINRA Series 7, 63, 87.

EDUCATION

Cornell University, SC Johnson College of Business - MBA | **University of Essex** - MSc Biotechnology | **Denison University** - BS Biochemistry

TECHNICAL SKILLS

Finance: Bloomberg, Capital IQ, Advanced Excel, Financial Modeling (DCF, LBO, NPV, M&A, accretion/dilution) **Programming:** Python (pandas, NumPy, scikit-learn), SQL, AWS (Lambda, SageMaker, Bedrock, DynamoDB), Git **AI/ML:** LLM APIs (Claude, Grok), NLP/Entity Resolution, RAG, OpenSearch, local LLMs, Prompt Engineering, ML Pipelines

LEADERSHIP & AFFILIATIONS

Young Presidents' Organization (YPO) | Economic Club of New York | St. Francis Yacht Club | Cornell Club of New York | Student Sponsor Partners (Mentor) | Denison Sailing Team Captain; 1,000+ hrs coastal/open-ocean racing | Hurricane Island Outward Bound School alumni
